Event: Movie Night:

New Date: February 21, 2026 (see pg 6)

FROM THE DRIVER'S SEAT

Well Saturday, January 31st, was our annual movie night at the Raworth Garage /Museum....thank you Claude for allowing us to have this activity each year at your beautiful facility. Thanks too to Jim McIntyre and Mike Flannes for their cooking skills and everyone who came with items to compliment the hot dogs and desserts.

It was my privilege to present to Bo Jordan the plaque for his service as President of the club and his dedication to its success.

Based on the amount of laughing going on during the movie, I'm thinking "It's a MAD MAD MAD MAD World" was a resounding hit (see page 4 for pictures).

Next on the agenda is our February activity which will be a tour of Lori's miniature dioramas and my model car collection. Even if you have seen my car collection before, I can assure you haven't seen the new additions that seem to happen each week...a flyer will be sent out with further details on this event which will take place on Saturday, February 21st at 10AM.

One final thought, please join me in welcoming our newest Club Sponsor, CAMDEN Insurance with Amber Kidd. Amber's contact numbers are: Office 601 7900190, cell 662 523 4445. Our sponsors are the reason the club can do many of the things we do during the year so it's important that we support them when we can.

Drive safely,
Bob Jackman
AVCM President

Upcoming Events:

February 21, 2026 - Jackman Tour and General Membership Meeting at Cock of the Walk

Kay's Trivia

Q: Many cars had tailfins in the '50s but this car arguably had the most extreme ones. What was it?

AVCM Movie Night

FEBRUARY'S SPONSOR HIGHLIGHT

Camden Insurance **Amber Kidd, Agent**

2064 Main Street, Bldg B
Madison, MS 39110
cell: 662-523-4445
office: 601-790-0190

We welcome our newest sponsor, Amber Kidd, Agent for Camden Insurance. Camden Insurance's motto is "We want to help you take care of what is most important to you"

Amber moved to Mississippi from Texas with her husband, Josh; son, Jackson; and daughter, Lily. She was a teacher in Texas and moving here she was looking for something that would allow her to be flexible enough to be able to take care of her family. Insurance kept popping up as a possible career. When meeting with her insurance agent, he told her his wife had started an independent insurance company and was looking for agents and her new career took off from there.

She was drawn to Camden Insurance, not only because of the flexibility it afforded, but also that she has the ability to find options for her customers that fit their priorities and their budget without having to give up their agent.

When starting with Camden, her prayer was if this is what she was to be doing, God would bless it to the point that it was obvious this

was where she was to be - to bless it abundantly that it be evident that He was the one providing the growth.

In this career, she is most proud of being named Agent of the Month from REInsurePro for September 2025, but she is even more proud that she is able to help her customers navigate something challenging, confusing and often frustrating in a way that allows them to make an informed decision on their coverages.

Amber loves that she can be an advisor to her clients and help them to make the best decisions for their family. She is able to write through many carriers who cover classic cars - Hagerty included! Even if you already have Hagerty Insurance, she can review your policy to make sure you have appropriate coverage. She would love to provide you an opportunity to shop rates to make sure you have the best carrier, best coverage and the most affordable premium for your particular needs.

She is proud that she now has four new agents and is helping them get to where they can take better care of the community and surrounding areas.

Her best piece of advise she ever received was, "I'm not the smartest in the room, but no one is going to work harder for their clients."

At Camden Insurance, they believe in the power of local. As your hometown insurance agency, they understand the unique needs of the community because they live here too!

Kay's Trivia

.....

A: Cadillac Eldorado. In 1954, Cadillac started using more pointed tailfins in contrast to the rounded ones previously used. By 1959, the Cadillac Eldorado was sporting fins so dramatic they looked like rear stabilizers on an airplane.
